Education

Thapar Institute of Engineering & Technology, Patiala 2023–2027
Bachelor of Technology in Electronics & Communication Engineering
Salwan Public School, New Delhi
Class XII (2023) | Class X (2021)

Experience

Co-Founder | KwikPrint September 2025 – Present

- Built **KwikPrint**, a cloud-connected smart printing platform with Android & iOS applications and autonomous kiosks, serving **2,000+ users** across **3+ live kiosks**.
- Led end-to-end product development, deployment, operations and customer acquisition, delivering a secure cloud printing experience powered by Raspberry Pi kiosks.
- Selected among the **Top 50** teams in the Government of India's **5G Hackathon**, securing **INR 1 Lakh** in grant funding and a **2-month Government mentorship**.

Business Information Systems Intern | GAIL (India) Limited June 2026 – August 2026

- Developing an **AI-Powered Enterprise Chatbot** to automate employee support and streamline internal information retrieval.
- Collaborated on the development of an **Agentic AI Math Assistant** using **Google Gemini 1.5 Flash**, **FastAPI**, and prompt engineering for explainable mathematical reasoning.
- Worked on enterprise telecommunication digitization initiatives, gaining exposure to industrial communication infrastructure and AI-driven automation.

Co-Founder | Campus Connect September 2024 – 2026

- Built a student engagement platform with **2,500+ users** and live Android & iOS applications for the Thapar University community.
- Secured **10+ brand partnerships** including Red Bull, Corona, Johnnie Walker 0.0 and BroCode while leading a **17-member** cross-functional team across technology, marketing and operations.

Leadership

Sponsorship & Internship Fair Coordinator | TIET 2024 – 2025

- Secured participation from **30+ companies**, attracting over **7,000 attendees** and enabling internship opportunities for **200+ students**.

Marketing Head | Paryavaran Welfare Society 2024 – Present

- Led marketing for Econigma, coordinating **40+ stalls**, **50+ volunteers**, and an audience of over **5,000 attendees**.

Achievements

- Selected among the **Top 50** teams in the Government of India's **5G Hackathon**; secured **INR 1 Lakh** in grant funding and a **2-month Government mentorship**.
- Winner — **Pitch2Win 2026**, hosted by IIC TIET and Thapar Venture Lab.
- Winner — **BizQuest 2025**, Entrepreneurship Cell, TIET.
